

CURRICULUM VITAE

ANTONIO PONZETTO, M.D.

BORN: July 30, 1949, Turin, Italy

ADDRESS: Via Plauto, #2, Moncalieri, 10024 (TO) Italy

EDUCATION:

Laurea (Masters) Doctor of Medicine and Surgery. October 24, 1975, University of Turin, Magna cum Laude (Published Thesis)

Medical Board Examination: University of Turin, December 12, 1975

Specialization Gastrointestinal diseases, University of Turin, November 11, 1980 (Magna cum Laude)

Hepatic diseases, University of Milan, 17 July 1986 (Magna cum Laude)

Qualification First in Gastroenterology; National Qualifying Examination 1987 (Grade A⁺)

CURRENT POSITIONS

Associate Professor of Gastroenterology, Faculty of Medicine and Surgery,
University of Turin, from June 2001

Associate Director of Gastroenterology, Ospedale S. Givovanni Battista
(Molinette Hospital), Turin; from June 1, 1998

Advisor (Member from Region Piemonte) to National Task Force
on Alcohol Related Problems 2001-2006.

CURRENT RESEARCH INTERESTS

Stem cell research with emphasis on hepatic stem cells and novel
methods of isolating and propagating stem cells for therapeutic use

Clinical and basic aspects of *H. pylori*

Clinical and basic aspects of Hepatitis C virus and B virus

Use of DNA and protein microarray in dissecting molecular pathways (in collaboration with the Polytechnic Institute)

Application of proteomic techniques for dissecting the molecular basis of gastrointestinal diseases

PROFESSIONAL EXPERIENCE

Associate Gastroenterologist in Division of Gastroenterology, Molinette Hospital, Turin; July 2, 1979 to May 30 1998

Expert Consultant for National Institutes of Health, Bethesda, MD, USA; December 1, 1980 to August 31, 1982

Teacher, MS in Nursing, Molinette Hospital, Turin; 1979-1980

Consultant, Division of Gastroenterology, Mauriziano Umberto I Hospital, Turin; July 1, 1976 to December 31, 1976

Research Fellowship in Gastroenterology, Molinette Hospital, Turin; 1976-1977

Internship in Gastroenterology Division of Gastroenterology, Mauriziano Umberto I Hospital, January 1, 1976 to June 30 1976

Student, Faculty of Medicine and Surgery, University of Turin; January 1, 1971 to December 31, 1975

MEMBERSHIP IN SCIENTIFIC SOCIETIES

American Association for the Study of the Liver; from 1984

Italian Society of Gastroenterology; from 1977

Italian Association for the Study of Liver Disease; from 1977

Italian Society of Infectious Diseases; from 1978

Italian Society of Internal Medicine; from 1998

MEMBERSHIP IN RESEARCH GROUPS AND GRANTS

Consultant to the Council of National Research (CNR), section of Gastroenterology, 1979

Study Section, “Health of Men”; from 1981

Study Section, “Control of Infectious Diseases”, from 1987

Study Section, “Prevention and Control of Disease Factors”; from 1990

Study Section, “ACRO Innovative Therapies”; from 1992

European Economic Community “Hepatitis B Virus and Hepatocellular Carcinoma” from July 1, 1989 to June 30, 1992 with Institut Pasteur, Paris, France

Study Sections of Region Piemonte

a. # 37/ 1983 triennial

b. # 15/ 1987 triennial

c. # 165/1998 biennial

d. # 30 /2000 Intestinal metaplasia and Gastric cancer

e # /2003 Hepatocellular carcinoma and HCV.

f. # /2004 Prevention of liver cirrhosis. Study of Pro-inflammatory bacteria (genus *Helicobacter*) correlated.

2003-2004 Stem cells for liver regeneration

2004-2005 Compagnia di San Paolo grant to CeRMS.

2004 CIPE, Regione Piemonte. Liver and Bone stem cells.

2004-2005 Istituto Superiore di Sanità (Higher Institute of Health). National Program on Stem Cells. Principal investigator Antonio Ponzetto. Title *Development of methodologies for stem cell based liver transplantation. Human hepatocytes progenitors: Role of microenvironmental culture conditions in regulating in vitro liver cell differentiation.*

CRT Foundation 2004-2005. Nanotechnologies for industry. Bioinformatics, medical and electromechanics.

2005 CIPE, Regione Piemonte

2006 CIPE Regione Piemonte (co-presenting)

2005-2007 CRT Foundation. Nanotechnologies for Industry, Bioinformatics, Medical and electromechanics.

2007. Research contract with Medestea Research, Turin.

2008-2009. Research Grant from Foundation CRT, Turin. Research on clinical application of Pluripotent Adult Stem Cells.

CONSULTING POSITIONS

TNO – Representative, Institute of the Division of Health Research, Rijswijk, Holland; October 1, 1983 to November 11, 1983

Georgetown University, Division of Molecular Immunology and Virology; September 19, 1983 to November 7, 1983

Georgetown University, Division of Molecular Immunology and Virology, September 9, 1984 to November 7, 1984

Georgetown University, Division of Molecular Immunology and Virology, August 1, 1985 to August 22, 1985

Ministry of Health, Institute of Virology, from 1985

EDITORIAL BOARD AND REFEREE

Digestive and Liver diseases

Minerva Gastroenterologica, from 1990

Pan Minerva Medica

Referee for Hepatology, official publication of the Association of the Study of Liver, from 1987

Referee for Gastroenterology, official publication of the American Gastroenterological Association, from 1991

Referee for J. of Hepatology, official publication of the European Association for Liver Diseases.

Referee for Stroke, official publication for the American Association of Cardiology
