1985: State Medical Exam; Registered with the Medical Board of Torino.
2006: Masters in International Medicine 'Corrado Bianchini', Rome.
2006: Course in Tropical Diseases, Medicus Mundi, Brescia.

RESEARCH AREAS

Molecular and Cellular Biology; Gene Family Evolution. ADP-ribosyl cyclases. Immunogenetics. Neurobiology.

TEACHING AREAS

Genetics and Darwinian Medicine; Genetics and Psychology; Scientific Communication.

FELLOWSHIPS AND GRANTS

- 1986: Three-month scholarship from “Fondazione Assicurazioni Generali”, Trieste, for research abroad.
- 1989-1991: Biomedical Research Support Grant, Cornell University North Shore University Hospital, New York
- 1994-1996: Senior Fellowship in Cancer Research, Piedmontese Foundation for Cancer Research.
- 1997-1999: Senior Fellowship, Fondazione CRT (Torino Savings Bank), Torino, Italia.
- 2008: University of Torino Research Grant
- 2013: University of Torino Research Grant
- 2015: University of Torino Research Grant
- 2018: University of Torino Research Grant

TEACHING

- 1994 to 1997: University of Ancona Medical Medicine. Biology (supply teacher).
- 2000: University of Torino, Biotechnology. Recombinant DNA Technology (supply teacher)
- 2002: University of Torino, Biotechnology. Recombinant DNA Technology (supply teacher)
- 2007 to 2017: University of Torino Medical School. Darwinian Medicine (integral to Genetics).
- 2008 to 2014: University of Torino Nursing School. Human Genetics.
- 2008 to present: University of Torino School of Specialization in Clinical Psychology. Medical and Behavioural Genetics.
- 2012 to present: University of Torino School of Specialization in Medical Genetics. Written and Oral Scientific Communication.
- 2018: University of Torino in Aosta Nursing School. Medical Genetics.
- 2018 to present: University of Torino School of Specialization in Neuropsychology. Medical and Behavioural Genetics.

PUBLICATIONS

Book Chapters: 4

Articles in peer-reviewed Journals: 47

SCOPUS: h-index = 26; no. papers = 45; no. citations: 3373
