

*English*

Gender: F; DoB: 6/6/71

**Education**

2005 Master in Epidemiology (University of Turin)  
2001 PhD (University of Edinburgh)  
1996 Degree in Physics (University of Turin)

**Current employment**

From 2011: Assistant Professor in Medical Statistics, Department of Medical Sciences, University of Turin

**Research activity and interests**

Design and conduction of epidemiological studies, childhood cancer epidemiology, statistical modelling, methodological research, data analysis, teaching of epidemiology and biostatistics

**Awards**

14 Apr 2007: "2007 AACR-Pezcoller Foundation Scholar-in-Training Award": Risk of second malignant neoplasms after childhood leukemia and lymphoma: an international study, American Association for Cancer Research (AACR) Annual Meeting, Los Angeles 2007.

**Grants**

*Regione Piemonte:*

2006 Risk of second malignant neoplasms after childhood solid tumors (PI)  
2008 Maternal age and risk of childhood leukaemia (PI)  
2009 Late effects of malignant neoplasms: second cancers in survivors of the Childhood Cancer Registry of Piedmont (PI)  
*EU (7th Framework Programme):*  
2009 MOBI-KIDS - Risk of brain cancer from exposure to radiofrequency fields in childhood and adolescence (researcher)  
2010 CHICOS - Developing a child cohort research strategy for Europe (researcher)  
2014 GERoNiMO - Generalised EMF Research using Novel Methods - an integrated approach: from research to risk assessment and support to risk management (researcher)

*Italian*

Genere: F; Data di nascita: 6/6/71

**Istruzione**

2005 Master di II livello in Epidemiologia (Università di Torino)  
2001 PhD (Università di Edimburgo)  
1996 Laurea in Fisica (Università di Torino)

**Impiego attuale**

Dal 2011: Ricercatrice confermata in Statistica Medica (MED/01), Dipartimento di Scienze Mediche, Università di Torino

**Interessi ed attività di ricerca**

Disegno e conduzione di studi epidemiologici, epidemiologia dei tumori infantili, modelli statistici, ricerca metodologica, analisi dei dati, insegnamento di epidemiologia e biostatistica.

**Premi**

14 aprile 2007: "2007 AACR-Pezcoller Foundation Scholar-in-Training Award": Risk of second malignant neoplasms after childhood leukemia and lymphoma: an international study, American Association for Cancer Research (AACR) Annual Meeting, Los Angeles 2007.

**Finanziamenti**

*Regione Piemonte:*

2006 Risk of second malignant neoplasms after childhood solid tumors (PI)  
2008 Maternal age and risk of childhood leukaemia (PI)  
2009 Late effects of malignant neoplasms: second cancers in survivors of the Childhood Cancer Registry of Piedmont (PI)  
*EU (7th Framework Programme):*  
2009 MOBI-KIDS - Risk of brain cancer from exposure to radiofrequency fields in childhood and adolescence (partecipante)  
2010 CHICOS - Developing a child cohort research strategy for Europe (partecipante)  
2014 GERoNiMO - Generalised EMF Research using Novel Methods - an integrated approach: from research to risk assessment and support to risk management (partecipante)

**Publications / Pubblicazioni**
